

EcoScrub

EcoScrub is a highly versatile, all purpose, neutral cleaner suitable for a wide range of housekeeping, janitorial and light to medium industrial applications. It can safely be used on a wide variety of hard surfaces such as metal, plastic, porcelain, countertops, enamel, glass and vinyl. It is a water-based product providing excellent cleaning properties with total and rapid biodegradability. EcoScrub is a perfect product choice for ecological and environmental safety.

EcoScrub may be used in automatic scrubbers, mop and bucket applications, damp mopping or as a spray & wipe cleaner. Dilute the product 1:10, 1:32 or 1:80 parts of water for heavy, normal or light duty cleaning.

EcoScrub is ECOLOGO certified to Hard Surface Cleaners UL 2759. ECOLOGO certified products are certified to ECOLOGO standards for reduced environmental impact. For more information, visit ul.com/el.

The Canadian Food Inspection Agency has no objection to the use of this product in food plants when used according to label directions
