

# Pure Disinfectant

D.I.N. 02358859

Active Ingredient: 3.84% Didecyl Dimethyl Ammonium Chloride

This one-step neutral disinfectant, cleaner and deodorizer is effective against a broad spectrum of bacteria when used as directed. It is recommended for use in hospitals, medical and dental offices, nursing homes, rest rooms, institutions, schools, food processing plants, kitchens, restaurants and bars, airports, hotels and motels. It is also recommended for poultry premise sanitation (hatcheries) including: egg receiving area, tray dumping area, chick processing area, egg holding area, chick holding area, chick loading area, setter room, hatchery room and poultry buildings. This product is also recommended for swine premise sanitation including: farrowing barns and areas, dressing plants, blocks, waterers and feeders, loading equipment, creep area, hauling equipment, nursery and chutes.

## Directions:

Disinfection: Dilute 1:64 to disinfect hard non-porous surfaces. Treated surfaces must remain wet for 10 minutes. This product is a hospital disinfectant at this concentration. For heavy-duty use dilute 1:16.

Pure Disinfectant is ECOLOGO certified to Disinfectants and Disinfectant Cleaners UL 2794. ECOLOGO certified products are certified to ECOLOGO standards for reduced environmental impact. For more information, visit [ul.com/el](http://ul.com/el).
