

Shimmer and Shine

This product is an excellent liquid dishwash detergent designed for use in commercial operations for exceptional removal of grease and soil.

It has a high concentration of sequestering agents and is well suited for use in hard water areas. It eliminates the need for descaling of machine and dishes. The product also contains highly effective alkaline cleaners to assure hygienically clean, film free dishes. Though designed for high temperature machines, it can be used in low temperature machines as well.

This product is ideal for food plant use.

DIRECTIONS: Use approximately 2 - 4 ml/L of water (1/3 to 1/2 oz. per gallon) or as required. The best and most economical results are obtained when used with a liquid dispensing system.

NOTE: This is an alkaline product and is not recommended for use on aluminum pots and pans.

Commercial Use Only
